

Two Systems of the Tree of Wyrd

Neophyte

Initiate

External Adept

Internal Adept

Master, Mistress

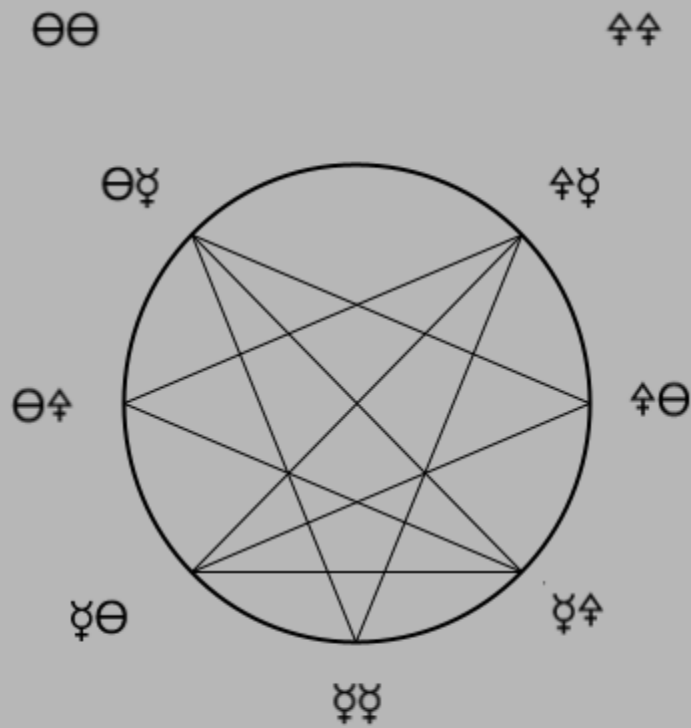

Grand Master, Grand Mistress

Immortal

It should be noted there is a point of contention. This model follows the understand of the alchemical substances placed onto the tree of wyrd with the symbols $\ominus \ominus$ representing the Causal pre-neophyte and the symbols $\triangleup \triangleup$ representing the post-immortal Acausal.

This differs from Myatt's view which looks like this:

External Adept

Internal Adept

Master, Mistress

Grand Master, Grand Mistress

Immortal

This correspondence of alchemical symbols onto stages of the 7FW is seen in
Emanations of Urania by Myatt

☉(☉)

Master of Temple/Mistress of Earth

♂(♀)

Grand Master/Grand Mistress

♀(♂)

Homo Galactica

Simplified into ABC, the 9 combinations would appear thusly with the Myattian system of the left and the re-worked understanding on the right:
